Ted McElwain of Toledo has been appointed by the State Forester as supervising warden for Lincoln county. He will have charge of all state, county and private patrol work in this county, and co-operate with forest supervisors of the national forests to the greatest possible extent. It is hoped that residents of the county will give him their hearty support and consult him in regard to burning permits, etc., of a local nature. He will be in touch with all local wardens and will gladly refer requests for information to the warden nearest you for any information or assistance he may be able to give. A list of local wardens with their addresses and telephone numbers, will be published in the local papers when such appointments are made. It will be impossible for the state forester to personally inspect all the work done by the numerous supervising wardens in his employ, and their success will depend very largely upon the support they receive from the people whom the forestry law is intended to aid and protect.
